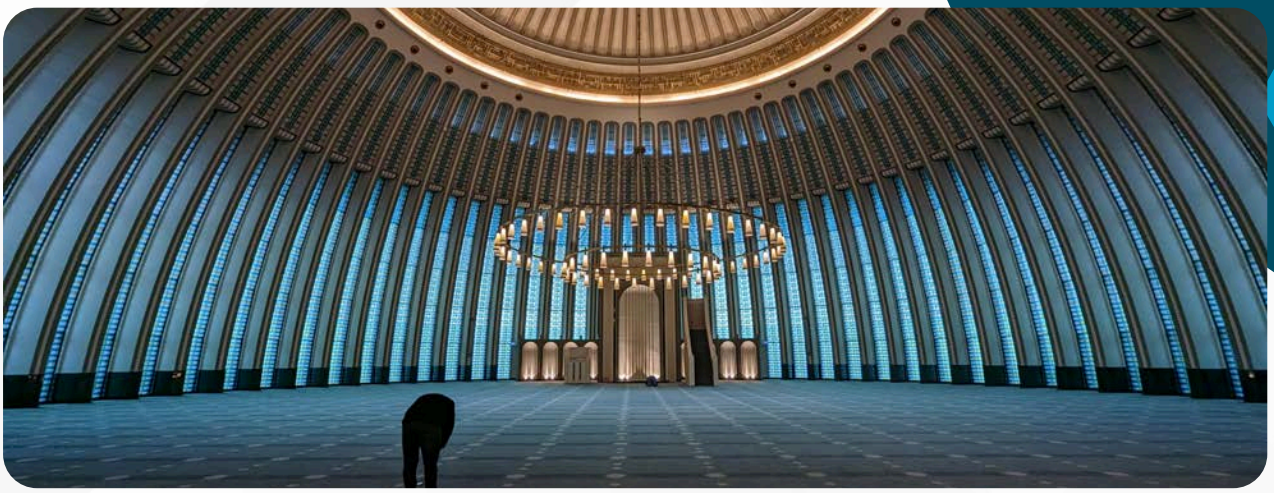
Masters Programme in Mosque and Madrassah Management



Development Objectives

Faith Associates Academy (FAA), in collaboration with the Roxbourg Institute of Social Entrepreneurship (RISE), Switzerland, is dedicated to empowering leaders in the Mosque and Madrassah communities. Through our innovative and professional education programmes, we aim to equip individuals with the skills and knowledge needed to drive positive, sustainable development in their communities via their Mosque or Madrassah.

Masters level Management Development

Our mission is to develop forward-thinking leaders and managers who can address the social, spiritual, economic and environmental challenges faced by Mosque leaders, managers and volunteers around the world. We believe in nurturing the leadership potential from within the Mosque and Madrassah sector by providing high-quality, accessible education, professional development and mentoring that will inspire impactful social ventures, that will help to develop and sustain 21st century Mosques and Madrassah. Understanding the Madina model, with 21st century business management tools and learning from the world's leading Mosque and Madrassah pioneers this programme is sure to build confidence and deliver results.

We offer the Mosque MBA, a unique, professional higher education program that blends technical understanding with practical experience. The programme focuses on sustainable innovation, community service, and social entrepreneurship, guiding students to create and scale impactful ventures that can sustain the Mosque and the communities they serve. The programme is also rooted in Humanitarian framework of action and service through the service of the mosque.

Training Outcomes

SOLUTION FOCUSED

The programme is delivered by some of the worlds leading thinkers and practitioners in the field of leadership, thought leadership, Mosque Management and leadership development. Each stage of the programme builds to support students with the tools to run a Mosque, Islamic centre or Madrassah of all sizes and financial turnover.

Accreditation

The Mosque MBA is powered by the Roxbourg Institute of Social Entrepreneurship (RISE), based in Switzerland. This partnership with Faith Associates Academy allows us to provide a robust curriculum that integrates innovative practices in social entrepreneurship and community leadership.

- Roxbourg Institute of Social Entrepreneurship (RISE): RISE is a globally recognized institution dedicated to promoting social change through education and entrepreneurship. Their accreditation assures students that the programme adheres to international standards of excellence.

FEES

Program Tuition Fee

The tuition for the Mosque MBA is set at £4995, This fee covers your participation in over 200 online seminars, study groups, and access to the FAA and Roxbourg libraries. You will also be supported by experienced professionals to develop and scale your social ventures.

There will be 2 face to face retreats in the UK where we will provide site-visits to Beacon Mosques in London, Cambridge, Oxford, Manchester and Birmingham.

The retreats as subject to additional cost/VISA application, will be supported.

Scholarships: FAA in partnership with a group of philanthropists, can potentially offer part or full scholarships to the most deserving scholars/students.

Entry requirements

I. You need to prove you are working on a project that is addressing local needs – address development and growth requirements for a mosque or madrassah, address inequalities, clean water, balanced nutrition, breathable air, renewable energy, quality education, reliable healthcare, secure habitat, or outreach to others of faith or none – that you want to scale up while you are enrolled at FAA.

II. You need to demonstrate a basic understanding of the fundamentals of strategy, marketing, fundraising, and operations management.

III. You need a high tolerance for ambiguity and be comfortable with continuous experimentation.

IV. Your social venture or the sustainable project you are leading needs to be registered with the local authorities PLUS the website showcases your value proposition and your social media stream highlights your achievements PLUS you need to have an academic degree OR a vocational diploma OR related work experience.

Enrolment - Start your journey of self-development & Building your Mosque or Madrassah
